

Amador educators chief raps bargaining decision

PLEASANTON — Terming the approval of an anti-collective bargaining resolution as "unfortunate" and "indicating an appalling ignorance of the way we operate," Amador Valley Secondary Educators Association President Jim Eaton Wednesday responded to the action taken Tuesday night by the Amador Valley Joint High School District board.

"We're really sorry the board approved the resolution," Eaton commented in retrospect. Eaton said he felt the resolution indicates "they (the board) also disapprove of compulsory arbitration."

The primary collective bargaining bill, AB275 authored by Assemblyman Ralph Dills, has been supported by the California Teachers Assn. The measure has gathered legislative and teacher group support all over the state and apparently stands an excellent chance of being passed and signed into law by Governor Edmund G. Brown, Jr.

Wording of the resolution reportedly was done by Dr. David Carlisle, director of research and development for the district. It contains some language taken from a similar resolution sent to the Amador-Pleasanton district by the Lawndale School District, plus a Sacramento source.

The resolution asks the State legislature to address itself to six questions prior to enacting any collective bargaining legislation.

These questions, as included in the Amador resolution, ask: 1) Should public employees retain the protections and privileges provided by the Civil Service System if they are given the right to strike and to bargain collectively? 2) Should school teachers retain the protections and privileges of permanency (tenure) and other privileges if they are given the right to strike and to bargain collectively? 3) Wouldn't a provision requiring binding arbitration by a third party be placing responsibility to obligating taxpayer money in the hands of non-elected persons? Should public monies be spent in this fashion? and 4) As members of an employees' union organization, will public employees be forced to contribute to the union or organization's political action fund, which in turn would contribute to the political campaigns of the same officials with whom they subsequently must bargain collectively?

A sentence in the sixth question, "Will government of, by and for the people be transformed into government of, by and for organized labor, dominated by a few labor bosses?" was stricken.

The concluding paragraph says the Amador district requests the State Legislature to reject all collective bargaining legislation that is currently being considered because said legislation contains components that make collective bargaining unacceptable and that any new legislation address itself to the questions.

Eaton claimed teachers are being asked to be held accountable for things that go on in the classroom. "The problem is, we don't control funding, class size or the volume of supplies available to use. Collective bargaining is really most applicable to the urban districts such as Oakland, Berkeley and San Diego."

Eaton added that teachers cannot allow themselves to be held accountable "when we have no control over the ingredients that go into the total classroom situation."

Referring to the affects collective bargaining would have on the local districts, Eaton said "they (the administration) would have to arrive at a compromise with us on such as salary packages (where teachers initially got a 7 per cent boost and a later 12 per cent contingency hike to 8 2/3)." Eaton concluded by saying, "We would like the board to deal with us as equals."

PLEASANTON — Perhaps nothing was resolved Tuesday night at a meeting called to discuss the future of health care services but one fact emerged clearly — this valley is two jumps ahead of most other areas in attempting to cope with a future of unknowns.

The session was called by Pleasanton Councilman Ed Kinney, who has been appointed to a state committee which will review comprehensive health planning areas.

About 20 valley doctors and others interested in health care listened as Valley Memorial Hospital Administrator Tom Andrews, Dale Houghland, assistant deputy director for Manpower Development Programs of the California Department of Health, and Bert Whitehall, director for planning of the California Committee on Regional Medical Programs, gave their opinions on what the valley should do to improve its health care.

The valley's primary health problem is an overabundance of specialist and a lack of general practitioners. In addition, Valley Memorial Hospital is faced with the prospect of having to replace its present facility because it cannot be expanded sufficiently to meet future valley needs.

Following completion of a major study several years ago, VMH embarked on the development of family health care centers throughout the valley to handle "primary" medical needs. One of the four centers that have been planned has been operating in San Ramon for nearly a year.

Whitehall cautioned against building a second hospital, saying it is the patients who end up paying for empty beds.

Andrews and Elizabeth Dietrich of Lester Gorseline Associates (the firm which analyzed the valley's future needs) explained the rationale behind that decision. The present 112-bed hospital is currently operating at around 75 percent capacity and, Dietrich said, the valley will need 250 beds by 1985. The present facility is incapable of being expanded beyond 200 beds, Dietrich added, and since it will have to be replaced, the hospital board decided to replace it at a more central location, in Pleasanton.

Thus, those residents — caught between the city's ordinance and the postal service's refusal to provide door-to-door delivery — have been forced to travel to the main post office for their mail.

The City of Pleasanton has passed an ordinance making it a violation for resident in new subdivisions to erect curbside mailboxes.

Thus, those residents — caught between the city's ordinance and the postal service's refusal to provide door-to-door delivery — have been forced to travel to the main post office for their mail.

Grover City in San Luis Obispo County had sought an injunction against the United States Postal Service enjoining that federal agency from implementing its edict requiring curbside mailboxes in all new subdivisions.

A superior court judge denied that injunction Tuesday, saying he believed the matter will ultimately have to be resolved in the political, not the legal realm. The judge admitted the postal service's action seemed "arbitrary."

Grover City officials have not yet decided whether to appeal the decision.

Whitehall deplored the increasing trend toward specialization among doctors, calling it an "egotrip." He said, in addition to producing a shortage of GPs, the trend can result in pressure on small hospitals by specialists to purchase specialized pieces of equipment which are beyond their means and needs.

He added the valley is within one-half hour of major university research centers and "you would be far better off if you don't try to put specialties here but concentrate on taking care of people at the primary level."

Houghland recognized the valley's doctor shortage but said it is perhaps more important "to analyze the services required rather than the categories of health manpower needed."

Houghland also noted the increasing trend toward utilization of "physician extenders," "para-medics" and "nurse practitioners to fill the gap."

Several doctors in the audience, however, said many in their profession were wary of using such help because the issue of liability has not yet been resolved by the courts. They added it is becoming increasingly difficult and expensive — and may soon be impossible — to purchase malpractice insurance for themselves, let alone for para-medics.

Notwithstanding the hospital's commitment to purchase 20 acres of land in Pleasanton for a second hospital, Andrews said VMH is attempting to keep its plans flexible. He added, however, "Our options are becoming more and more restrictive, not because of what the communities are doing but because of federal and state regulations. Our flexibility is being badly limited."

Andrews also predicted the advent of a national health program within 24 to 36 months and said, unless the doctor shortage in the valley is resolved, "we are going to have a catastrophic situation."

The doctors in the audience agreed, saying their Medi-Cal patients now take two to four times as much time as patients on private insurance because they expect more and because they need to be educated concerning the Medi-Cal system.

Whitehall cautioned against building a second hospital, saying it is the patients who end up paying for empty beds.

Andrews and Elizabeth Dietrich of Lester Gorseline Associates (the firm which analyzed the valley's future needs) explained the rationale behind that decision. The present 112-bed hospital is currently operating at around 75 percent capacity and, Dietrich said, the valley will need 250 beds by 1985. The present facility is incapable of being expanded beyond 200 beds, Dietrich added, and since it will have to be replaced, the hospital board decided to replace it at a more central location, in Pleasanton.

Thus, those residents — caught between the city's ordinance and the postal service's refusal to provide door-to-door delivery — have been forced to travel to the main post office for their mail.

Grover City in San Luis Obispo County had sought an injunction against the United States Postal Service enjoining that federal agency from implementing its edict requiring curbside mailboxes in all new subdivisions.

A superior court judge denied that injunction Tuesday, saying he believed the matter will ultimately have to be resolved in the political, not the legal realm. The judge admitted the postal service's action seemed "arbitrary."

Grover City officials have not yet decided whether to appeal the decision.

The City of Pleasanton has passed an ordinance making it a violation for resident in new subdivisions to erect curbside mailboxes.

People really do win contests

Though it may seem hard to believe, those nationwide contests are actually won by someone, and in a recent Fuller Brush sweepstakes, Marion Goldsmith (left) of Casa Grande Drive in San Ramon won a year's supply of steaks when her name was chosen out of 152,000 entries. Jean Dunn, the saleswoman who sold her \$5 worth of goods, also will receive the same reward — a year's worth of

steaks. Mrs. Goldsmith has four teenage children, plus a hungry husband, so there won't be too much left over from the monthly gift packs. Mrs. Dunn won't have any problem peddling hers around the house either — she says "it'll be a contest" between her son Rich and husband Wayne to see who eats more. And it's nice to know that someone actually wins all those contests. (Times photo)

Taxi-cab company seeks rate increase Monday

LIVERMORE — Tri-Valley Cab Company is seeking a rate hike, based on the firm's increased operating costs.

The company's current rates for within city limits are established by a January 1967 city ordinance is 50 cents for the first half-mile and 10 cents for each additional one-fifth mile. Waiting time rates are 10 cents for the first three minutes and 45 seconds with an additional charge of 10 cents for each one and one-half minutes following, according to cab company president David Rezendes.

Increases to be considered by the city council at its meeting Monday night are: 70 cents for the first one-sixth mile; 10 cents for each additional one-sixth mile; and 10 cents for each minute of waiting time.

There is no charge for extra passengers in either the current or proposed rates. The 25 per cent fare increase which is

computed only when a cab leaves the city limits now in effect would remain under the proposed rates.

The cab company also intends to sell \$5, \$10 and \$20 script books to senior citizens at a 10 per cent discount.

In a letter sent to the city last month, the company stated it wanted to increase its rates to 70 cents based on one-seventh mile distances. A compromise was reached, using the one-sixth mile measure, according to Rezendes.

"If the increase is approved, we'll still have one of the lowest rates in the area," said Rezendes.

His contention was supported by Don Bradley, assistant to the city manager, who prepared a report and survey of rates in nearby communities for council consideration.

"As can be seen from the survey, Livermore's rates are considerably lower than those charged in other communities, particularly those allowed for the initial intervals," his report states.

Tri-Valley Cab Company, established in January 1974, is the city's sole taxi firm. It operates three taxis from 6 a.m. to 2:30 a.m. and employs eight

or nine drivers, some of whom work parttime.

Drivers are paid on a fare commission basis and had indicated they would walk off the job unless rates were increased, said Rezendes. Other reasons necessitating a rate hike, as stated in the president's letter to the city, were increased cost of maintenance and auto repairs, high price of gas and increase in taxi insurance.

In his report on the request, Bradley wrote, "Another important factor to consider is the financial condition of the local company, Tri-Valley Cab, a subsidiary of Security Eye Patrol, started operation last January and it is reported to us that unfortunately they have experienced very poor financial operating ratios since they began operation."

"This is in large part why the rate increase has been requested, with surrounding community rates used only as further justification."

He added in his report that although the company's financial condition generally is poor, some of the information the firm submitted to the city was discounted.

This statement referred to the company's profit and loss statement, explained Bradley. The city questioned some items and discounted some information, he said.

According to Rezendes, the report's statement referred to the firm's cost of gas, which was absorbed by its parent company and not reflected in

the cab's figures.

Rezendes noted that a "great many" of the cab company's fares are short, in-town rides, resulting in fares under \$1.

No one segment of the community uses the cabs, said Rezendes. "There is a fairly good variety of riders."

He emphasized the firm was trying to offer quality service and did not try to change the city's ordinance to allow higher rates when it started operations last year.

"We preferred to experiment with the rates then and see what happened. The parent company has been pouring costs in," he explained.

Daylight time starts Sunday

Sunday we will return to Daylight Saving Time.

So, in order to be with the rest of the state, Contra Costans should advance their clocks an hour at 2 a.m. Sunday.

Most of nation has been off Daylight Savings Time since October when the clocks were turned back an hour.

The switch back to Daylight Savings Time comes two months earlier than usual.

So remember Sunday, it is "Spring ahead, fall back."

And 2 a.m. Sunday will be 3 a.m.

Weather

Variable high clouds with a slight chance of rain today. High in the mid 50s to low 60s. Low in the 40s. A 20 per cent chance of rain.

Staff proposes \$400,000 capital improvement budget for 1975-76

PLEASANTON — City staff is proposing a tentative capital improvement budget of more than \$400,000 for the coming fiscal year.

That proposed capital improvement program, still in very preliminary form, will be a part of the city council's overall budget review which will begin in March.

As proposed, the capital improvement program for the 1975-76 fiscal year would include \$177,800 for streets and traffic signal projects, \$181,400 for park and recreation facilities and \$45,000 for sanitary sewer facilities.

The traffic signals are included, one at Hopyard Road and Johnson Industrial Drive, one at First and Neal streets and one at Santa Rita Road and Valley Avenue. Staff is also

proposing improvements to the Southern Pacific crossing on Abbie Street and modification of the flashing signals on First Street at Pleasanton Elementary School.

The Park and Recreation Commission has recommended six projects for inclusion in the 1975-76 budget. In decreasing order of priority, they are: Walnut Grove Park (irrigation, turfing and landscaping), \$35,000; Remodeling and decorating of old Pleasanton Housing Authority building to pre-school building, \$3,000; Mission Hills Park (initial development), \$40,000; Pleasanton Sports and Recreation Park, Phase III, \$100,000; paving of parking lot at softball field, \$2,000; and installation of windscreens at

Muirwood Park tennis courts, \$1,400.

In the sanitary sewer division, \$45,000 has been proposed for an outfall line from the pump station at First Street and Vineyard Avenue.

Allen Pool case continued

PLEASANTON — Criminal proceedings against former Pleasanton pool contractor Gene Allen were continued Tuesday until Mar. 18 at the request of Deputy District Attorney Fred Hanelt.

Sixty criminal charges were brought against Allen last October after his firm allegedly failed to fulfill contracts with 30 people.

Tuesday's appearance would have set a date for preliminary

hearing. This was the third continuation on setting the preliminary hearing since the first of the year.

Civil suits resulting from Allen's alleged inability to fulfill contracts have been filed against Allen, Gene Allen Pools, Inc., Dr. S. Franklin Sher, a Walnut Creek physician, Surety Company of the Pacific, a bonding corporation and Valley Bank, the loaning institution, totalling \$236,198.

Zone 7 refers charges

PLEASANTON — Pleasanton's plight over increased water connection fees, and its attempt to retrieve \$192,000 in alleged "overcharges" from Zone 7 since 1972 were referred to the Zone's Water Committee in Wednesday's night's meeting.

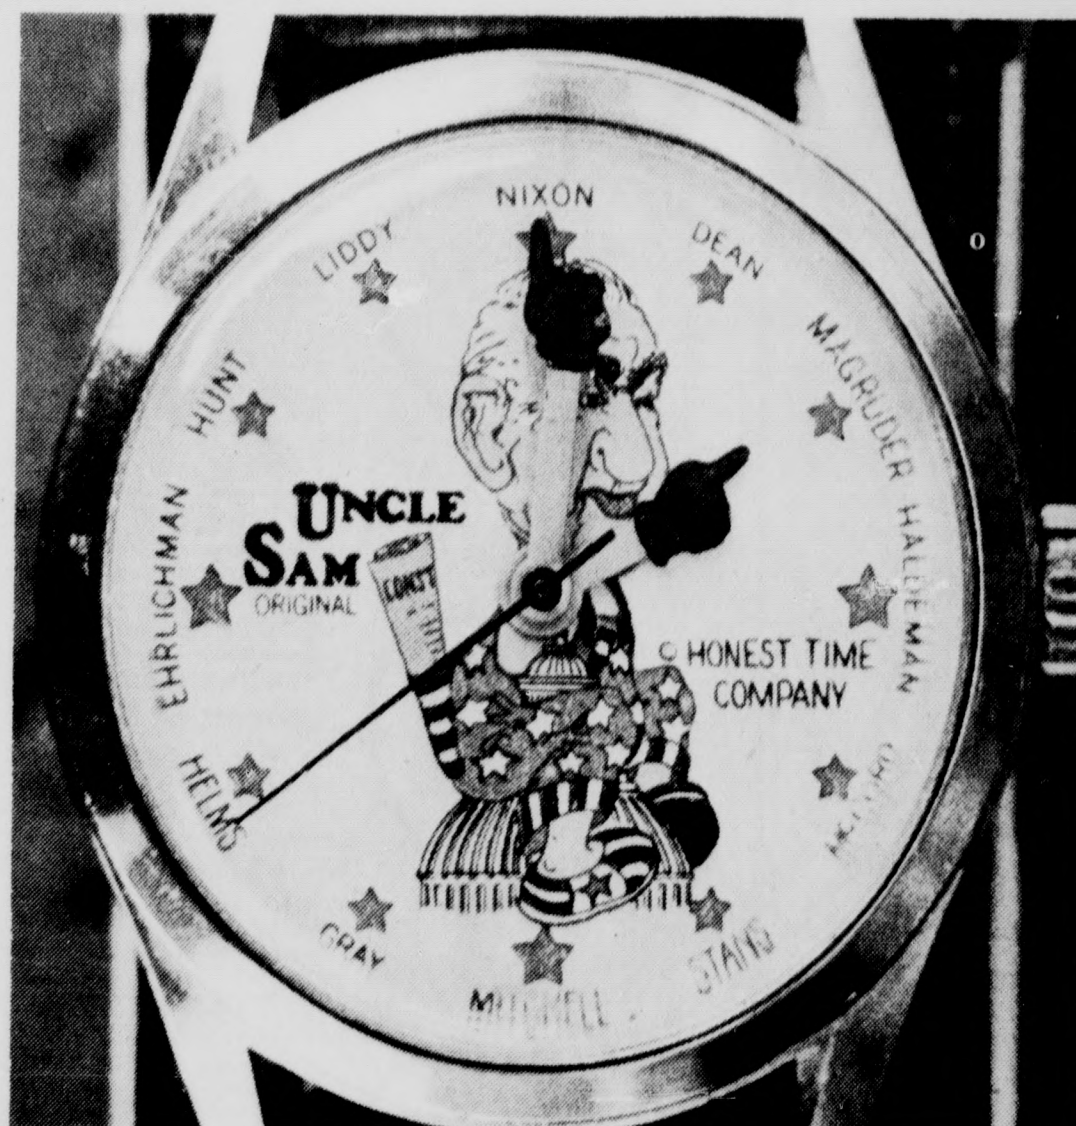

The city council earlier this month submitted a 24-page argument complete with five appendices to the Zone requesting a lowering of connection fees for the city.

Zone 7 proposes charging \$975 per unit for three quarter inch and \$650 per unit for five-eighths-inch meters.

In April, 1972, Pleasanton changed to the larger meter to increase water pressure for residents, but in its lengthy brief argues the increased size has no bearing on water consumption and creates a disproportionate burden on future Pleasanton home owners.

City Councilmen Bob Philcox and Bill Herlihy were present, along with Assistant City Manager Alan Campbell. Campbell alone presented verbal rebuttal to the board's probe.

"The change in the ordinance was passed only after public hearings," argued board member Harlan Zodtner, adding the proper time to have

The time has come...

Daylight savings time used to begin in April and end in October, just like clockwork. Because of the energy crisis and political foibles, however, the time to "spring forward" has been moved to February. Sunday at 2 a.m. is the time to move all clocks ahead one hour. According to the "Uncle Sam Ervin" watch shown above, moving from "Magruder" (2 p.m.) to "Halpern" (3 p.m.)

Pleasanton school board candidates face test under fire

PLEASANTON — Pleasanton Elementary School District board candidates received their initial test under fire Thursday before an all-teacher gathering of 40 at the Pleasanton Hotel.

Each of the five candidates was given five minutes to acquaint teachers with their respective backgrounds and try and answer five prepared

questions.

Most had difficulty getting through the five in the allotted time.

While all appeared to acquit themselves well in the eyes of the teachers, Betty Nostrand was the only one to receive spontaneous applause to her responses.

Making presentations and

responding, in addition to Mrs. Nostrand, were Alfred Thome, Dr. Raymond Serafin, Jack Pearson and Joe Schwab, the latter being the lone incumbent. Two seats will be up for election March 4.

Candidates responded as follows to the question "How do you feel about collective bargaining for teachers?"

Mrs. Nostrand indicated she was "very sorry we have come to a point where we have to consider this," feeling it could be a threat to the amiable relationship between teachers and the administration.

Pearson said he is not opposed to collective bargaining per se but does not support the present legislation in Sacramento.

Schwab characterized the current legislation as "not definitive enough."

"If collective bargaining means striking, I'm against it," commented Serafin.

Thome said he was concerned

about collective bargaining in areas of curriculum and goals.

"If collective bargaining would specify home rule then I wouldn't be against it."

A second question asked, "What is your personal plan to alleviate school financial problems?"

Thome felt it would be the board's responsibility to convince the community of the financial problems, to gain the public's support in solving the problem financial areas.

Serafin felt the board must look at the budget NOW and see where cuts could be made.

Schwab noted the present board's concern with SB90. "I was in complete agreement with our move to back increasing the inflation factor in SB90."

Pearson said a method of "trade - offs" could be utilized to avoid cutbacks of the budget.

Mrs. Nostrand took yet another tact by urging that school boards take a more active part in working at the state level. "I promise to take a class in state government at Chabot if I win," she added.

Candidates also responded to three other questions. "If money were not a problem, what would you consider an ideal class size?" "How do you plan to improve and upgrade communications between the school board and teachers?" and "How do you plan to inform yourself on what is going on in the schools?"

Questions from the audience followed with Mrs. Nostrand getting the biggest audience response when she cited pre-set conclusions to programs such as Early Childhood Education. She claimed this was done in the form of "suggested conclusions" that were prepared by Westinghouse.

Serafin also drew a positive response when he noted "I've

read the records of the school district on participative management three times and, frankly, I couldn't understand it."

Candidates were invited to attend the Amador Valley TEACHERS Assn. board meeting next Thursday, starting at 4 p.m., at Harvest Park School.

On Tuesday night, Pleasanton and Amador hopefuls will expound their views at a League of Women Voters gathering starting at 7:30 p.m.

—By Al Fischer

Barte trial date set

OAKLAND — Oakland Superior Court Judge Lionel Wilson Thursday morning set trial date for Helga Barte, the 36-year-old Dublin housewife accused of killing her two children last Dec. 6.

A pre-trial hearing will be held Mar. 14, with trial to get under way Apr. 22.

Psychiatrists were appointed Feb. 6 to determine Mrs. Barte's sanity, and, although the psychiatrists weren't present Thursday, Judge Wilson acknowledged receipt of the reports on Feb. 14.

Public defender Albert J. Wax at the Feb. 6 court appearance added "not guilty by reason of insanity" to Mrs. Barte's original plea of "not guilty."

The psychiatric report "was addressed to Mrs. Barte's sanity at the time of the alleged murders, not to her ability to stand trial," according to Wax, who declined to comment further.

Alameda County Sheriff's deputies claim Mrs. Barte called them at 8:30 on the morning of the killings, and told them she'd just killed her two children.

Deputies found Nicole, one day shy of her first birthday, drowned in the bathtub, her

brother Craig, 6, in a bedroom, stabbed through the neck.

To add to Mrs. Barte's problems, her husband, William, a cost analyst with Dublin based Lucky Stores headquarters, filed for dissolution on their eight-year-old marriage on New Year's Eve.

Mrs. Barte's only court appearance was on Jan. 27, after subpoena by Judge Wilson.

The judge dismissed the public defenders office and ordered Mr. Barte to appear and show cause why he should not pay for his wife's defense.

The public defender was reappointed after Mr. Barte's appearance.

German-born Mrs. Barte, who met her husband while he was stationed in Europe, is awaiting trial at Napa State Hospital.

challenged the different rate was before January, 1972, when the rate difference was passed.

"There's been no 'overcharges,'" continued Zottner, and hence no grounds for the refund.

"I'd like to see the city council and the (Zone's) board of directors sit down and look at this," he added.

While the board voted unanimously to send the city's staff report to the water committee, Zottner's motion to forward the refund request to the finance committee died for lack of a second.

"Why do you want to send it to finance," asked boardman George Lydskens off-handedly, "they're not going to get their money back."

Rena Clements, Executive Assistant of Associated Building Industry of Northern California, addressed the board requesting a more equitable rate be charged between communities, as did John Griffin of Morrison Construction.

"A 900-square-foot home in Pleasanton will be charged \$975," he noted Griffin, whereas "a 2400 square-foot-home in Livermore will cost only \$650."

"We (builders) are stuck in the middle."

Clements told the board her Zone association was "volunteering as a research board. We're concerned that the developer is caught in the middle."

CHUCK KOLB AND DOUG RULEY
Jaycees sport spring fashions March 8.

Jaycees recruit new members

Pleasanton Jaycee members will be out in full force Saturday March 1 to urge young men to join their ranks and become involved in community service projects. They will set up recruitment tables at Alpha Beta, Lucky and Safeway shopping centers.

A dinner-dance and fashion show will close the Jaycee spring membership drive March 8 at the Howard Johnson Motor Lodge in Dublin. No-host cocktails begin at 7 p.m. with the fashion show and dinner at 8, dancing at 9.

Jaycees will sport fashions from Grutmans, with Jaycee wives modeling the latest features from the Frilly Dilly and the Clothes Tree.

Pleasanton Jaycees is a branch of state and national Jaycee organizations with total membership of over 300,000 men between the ages of 18 and

35. A few of local Jaycee activities include management of the annual Alameda County Fair parade, a Christmas "Call Santa" program, a Christmas art auction to benefit underprivileged, holiday decorations for the Pleasanton Convalescent Home, and a whopping \$10,000 donation toward the Pleasanton Youth, Inc. building at Black Avenue.

The Jaycee Wives, an auxiliary, sponsor the annual Woman of the Year luncheon.

The Little League, Bobby Sox and other sports leagues are also under Jaycee sponsorship. For addition information, or dinner-dance reservations at \$13 per couple (\$6.50 per person) contact Jim Hertl at 846-6306, or Carol Backert at 846-1093. Ticket deadline is March 5.

Feature May School exhibit, pupil history

A photo exhibit of the historical May Public School is the featured attraction Sunday, March 2 of a program jointly sponsored by the Livermore Heritage Guild and the Livermore Art Association.

The public is invited to the display from 2 to 4 p.m., and will be asked to volunteer names of former pupils and teachers of the school, with dates of attendance. This information will be entered in a special bound book for permanent record.

In addition, an information sheet will be completed for each name entered, with the pupil's name, parents' names, and identification of someone who might provide information about the pupil.

The display at the second floor of the Carnegie Building,

2155 Third St. in Livermore, includes old and new pictures of the school building and pupils, as well as copies of old maps outlining surrounding property. The Livermore Art Association will demonstrate art techniques downstairs, where refreshments will be served.

Card party tonite

San Ramon Women's Club hosts a card party open to the public tonight at 8 p.m. at Homestead Savings and Loan Association in Dublin. Donation is \$1 with refreshments, high-score prizes and door prizes. To reserve a table or space for bridge, pinocle, canasta, poker or whist, contact Mrs. E. P. Renick at 828-0326.

IRISH EYES A' SMILIN'
Alexander, 4, Erina, 5, and Adam, 2, reflect the twinkle in their mother Ann Blockley's eye as she kneads dough for Irish soda bread.

Irish Fest tickets going fast

"Dublin. It was Dublin, California, and I just couldn't believe it. When I saw the sign on the way from the airport I cried. Somehow it made me feel right at home."

So testifies Mrs. Ann Green (really!) Blockley, a native of Dublin, Ireland, who bought a home in Dublin when she and her husband came to California, just because of its name.

Ann is baking authentic Irish Soda Bread for sampling at the 1975 Irish Fest, billed as "The Greatest Irish party," at the Alameda County Fairgrounds, Saturday, March 15.

The evening's events (rated "G" for the family) include continuous entertainment by Irish pipers, dancers and singers featuring the "Green Isle" professional Irish dance band of Oakland.

Irish coffee and other refreshments served from 5:30

p.m., a hearty Corn Beef Dinner from 6 to 8:30 p.m., a Green Beer Drinking Contest and dancing from 6 p.m. to 1 a.m. are all included with admission at \$6.50 for adults and \$2 for children.

Sponsor of the fest, the Amador-Livermore Valley

Historical Society, offers "Cead mile failte" (A hundred thousand welcomes) but advises early purchase of tickets as they are limited.

Tickets may be obtained by calling or writing Mrs. O'Plazza, 7613 Peppertree Rd., Dublin, at 828-1577. Tickets are also sold at the Dublin Chamber of Commerce office, and the Churchyard Faire (Saturdays and Sundays, 1 to 4:30 p.m.).

All proceeds benefit restoration of historical Old St. Raymond's Church in Dublin.

Mrs. Blockley advises that in Ireland St. Pat's Day is celebrated with the "wearing" of the green "from head to foot, so sport a wee bit o' green for the Irish Fest.

'Spring Encounter'

The "live" mannequins are Diane Ludwig and Margaret Sutherland of the Cronin School PTA who will model fashions from Mervyn's in 'Spring Encounter' Saturday March 1. The curtain parts at 11:30 a.m. in the multi-purpose room at Murray School. A limited number of tickets at \$3.50 per person, which includes luncheon, are available through Dorothy Kail at 829-0539 or Donna Zelinski at 828-4891.

WINNER OF CALIFORNIA NEWSPAPER PUBLISHERS' AWARD FOR EDITORIAL EXCELLENCE

Community theatre is now in sight

Having been in the forefront of that move aimed at bringing one public structure to its fullest potential of community use, The Times would now be somewhat remiss if we failed to salute those who in recent weeks helped bring that campaign much closer to its goal. The fourth annual Mardi Gras has been well identified as a social and fiscal triumph; but it is in the participation of so many people, and the long-term benefit that we stand to share, that the real story rests.

The need for one workable community auditorium within this community, and even within the entire valley, has been documented by The Times throughout the last decade or more. We have been joined by others — those active in the performing arts, symphony and stage band, visiting artist and home-town performance — all of whom agree that the auditorium on the Amador Valley High School campus offers our best, and perhaps our only opportunity to provide such a public center. The school board has spent in excess of \$100,000 over the years in refurbishing that facility; with the investment of perhaps a like amount by the community we can wind up with a theater that would cost somebody close to \$1 million to replace, at today's dollars.

That campaign was given a handsome boost with the \$15,000 "surplus" derived from the 1975 Mardi Gras. It is an astounding accomplishment for any community; it is very close to miraculous for a city of Pleasanton's size. But the profits, and the quest, do not end there.

The "Amador Community Auditorium" has now been clearly established as a major Pleasanton effort. The determination to bring that facility to the broadest possible range of public participation is evident. The school authorities must recognize this wide-spread community interest in their own approach to that structure. The city must energetically enter into the planning, operation and control of the auditorium to assure that public use will balance those first-priority student programs. This pattern has already been well established in community use of school swimming and tennis facilities.

The Pleasanton Junior Women, who did such a great job inspiring us to contribute to those three Mardi Gras causes, must now be equally diligent in making certain that the public interest and the public's support is not now lost in bureaucratic or academic red tape. The Juniors have a further obligation to assure public input for any future plans relating to that auditorium.

Those who are responsible for the operation of Amador High School as a teaching center have already stated their interest in bringing one part of that campus to the center of a community's cultural emphasis. They are prepared to listen. It is up to the public at large, and the several arts' groups in particular, to speak. The Pleasanton Junior Women are in a unique position to now bring all those interests together, and to thereby finish the job that was given such a wonderful boost with the 1975 Mardi Gras.

Ready! Aim! —

Letters to the editor

Vote!

Editor, The Times:

Since the Feb. 4th Assemblyman District primary, the So. County news media have been telling us that the Democrat candidate has that legislative seat all sewed up. Just as if the constituents are all dead — from the neck up. As a non-Democrat, I wonder if the rest of us have to believe that.

Every thinking person knows, if they bother to read, listen and assess, that the Democrats are in fact responsible for our economic woes — they are the big spenders and the big life style politicians. If Watergate is a cover-up, the biggest cover-up of all is the way the Democrats have used it to cover up their own misdeeds (easily proven), their ineptness and their greed. The Demos great lack of corrective action and do-nothing record reveal their basic commitment.

Floyd Mori is touted as "his own man" — that was until the Calif. Democrat leaders all came calling the other day and set him straight. He is also an educator and who is naive enough to close their eyes and minds to the power — plays so flagrantly practiced by organized education groups in California.

I hope the So. County electorate will come alive and visible on March 4th. There is an alternative to the sort of one-party control we have in the U.S. and in California at the present time. We can, even in this one small district, save ourselves from going down the tube before we celebrate our national 200th birthday. One vote counts — but no vote counts just as much. The 70 per cent who just didn't bother on Feb. 4 owe it to those of us who did vote to stand up, come out from hiding, show some back-bone, or what — have — you and VOTE!!!

sign: Valley Voter
(name with held on request)

Election

Editor, The Times:

The election March 4th for selecting our 15th District Assemblyman should be of prime importance to all registered voters. I am confident that a great majority really desires a legislator responsive to its needs, rather than to the desires of the vested interests and their friends...

— By AL FISCHER

Guy Puccio is to whom I refer. He has vowed to establish permanent headquarters in both this Tri-Valley area and Hayward area, with consultation times for citizens each weekend in both. A bonus for us is he is not arrogant, nor temperamental, but rather he is naturally friendly and outgoing. He likes people. He possesses remarkable analytical ability and readily absorbs key facts of the issue and establishes a viable opinion for further action.

His many years as a realtor coupled with his terms of serving on the Alameda County Assessment Appeals Board and the Hayward City Housing Committee, and his vocation of Property Appraisal Consultant have given him valuable background reference and contacts to assist him in expeditiously making intelligent decisions in Sacramento.

Although a registered Democrat, I feel obligated to support Guy Puccio.

Francis B. Headley
Pleasanton

Discrimination

Editor, The Times:

I have been reading with interest, over the past several months, of Supervisor Cooper's concern with the composition of the Alameda County Fair Board. And, while I share his concern, I feel it is ironic that he should be so concerned over that board and its "legality" and yet have made no visible effort to "legalize" the County Planning Commission.

Now, the Supervisors are responsible for appointing all the commissioners. A few years ago the board made a policy decision to limit terms of appointed persons to that of two terms. This policy was well accepted by the public, especially in view of the fact that one planning commissioner had been serving since 1947 and another since 1955. Guess what? These two are still serving. Their terms have expired but they continue to serve until a replacement has been appointed.

My dear Mr. Cooper, this lack of concern by the Board of Supervisors seems to me to be at least as discriminatory and irresponsible as what you perceive to be happening with the Fair Board. Please tell me (and others) how you justify this deliberate inaction on the part of the Board of Supervisors.

Kay Honodel
Livermore

Round the town

The story appeared in Wednesday's Times. On an inside page. It didn't seem to deserve anything better. LUXURY LINERS FOR VALLEY BART USERS, the heading said. It borrowed from a standard piece of public utility puffery for the information that AC Transit had reviewed bids to provide new buses for its extended valley link. At \$71,108 bid price from Flexible Co., of Ohio, valley bus patrons should soon be treated to "the most expensive coaches in urban transit history." That's what the report said.

"It's a lie," says Wednesday morning's caller. And the man offered credentials, and starting facts, to support his argument. He didn't question that AC's new purchase would be "the most expensive." But he sure rapped the suggestion that Flexible's product would be the most luxurious, or even the best bet for the taxpayer, in the long haul.

"They're a bunch of junk," our informant asserted. As an employee of the AC system he would appear to have the best vantage point for viewing that transit district's inventory of buses. The view is not good, possibly even disastrous. Or so our caller tells us.

"The maintenance bill for each one of those buses is out of this world. And even when they're running, the buses are lousy to drive. They leak so bad we wind up with puddles of water inside the buses while we're carrying passengers." He declined to say if he was a driver for AC Transit, a mechanic or an office worker. But he appeared to know his subject.

"Check the main yard at Emeryville where AC does its maintenance and you'll find that two-thirds of the buses needing repair are from Flexible, the other third are GMC." He claims the Flexible unit "is a welded body built in Ohio, but using GMC engine and parts." The result however is "a body that can't be given even minor repairs without tearing half the coach apart."

The last shipment of new buses to AC Transit "had the seats so close together we had to re-set every one. And they test the body for weather proofing before the final holes are drilled for the seats and other fixtures. The result is that the bus passes the leak test in Ohio, but not when AC gets ready to put them on the road."

We asked "how come there is so much exposure about the failures and shortcomings of the BART system but we hear or read very little about any serious problems with AC Transit?" Our informant could only guess. "BART has been under public pressure to meet a deadline, and each time they fail to meet that deadline everybody jumps on them. There's been no such public interest in AC Transit."

And how come AC accepts the low bid from Flexible if indeed those rigs aren't up to reasonable standards? "Because, with federal grants involved, we have no choice but to accept the lowest bid. But believe me, in the long run the taxpayer, the district and even the federal government is getting a very expensive product."

The next word you hear will be from AC Transit. We promise to give them equal time.

Speaking of hazards, were you aware that your big victory way back when over the awful nicotine habit may have left you no better off, health wise, than when you were heavy on the smokes? We have it from no less an authority than the Herrick Memorial Hospital February bulletin. The lead paragraph in that report tells it all.

"Your health may be going up in smoke even if you can't stand tobacco and never touch the stuff." The enemy is the other guy, the one who smokes and leaves his or her butt smoldering in the tray. "Sidestream smoke" as they call it "contains higher concentrations of noxious compounds than the mainstream smoke inhaled by the smoker." In other words the individual who lights up is better off than the non-smoking associate at the next desk.

The Herrick reports goes on. "Secondhand smoke increases the carbon monoxide in the blood, forces blood pressure up and makes the heart beat faster." For 30 million Americans susceptible to all kinds of bronchial, heart or breathing maladies, the smoke that just floats around in the office air, aboard the bus or in the back of the theater can be "a serious danger to your well-being."

So what's a body to do? The American Lung Association suggests a bill of rights for non-smokers. "Non smokers have the right to take action through legislative channels, social pressures or any other legitimate means to prevent or discourage smokers from polluting the atmosphere." We might also direct our smokeless fire toward the prohibition of any kind of smokes in public places. So says the people who worry most about tuberculosis, cancer, emphysema and the like.

All of which reminds this smoke-less lover of life of the little old lady who stood at the curb of the local street some 40 years ago, watching the busy mixture of horses and horseless carriages rolling by, and lamenting in a loud voice: "The streets are getting so dangerous these days that a body cannot even jaywalk for fear of being run over by some fool." Peace.

Berry's World

"That's interesting — you're a Marxist-Leninist and I'm a Fordist-Rockefellerist!"

Sound and Fury

Walt Hecox

The issue is not the Equal Rights Amendment, the number of lanes by which Interstate 580 will be widened or even how much the capacity of the Valley Community Services District's water reclamation plant should be increased.

What is at stake, my friends, is the way of life most of the folks in these green valleys have found to be for the most part highly satisfactory and comfortable over the years.

The time has come when we should distinguish between gut level politics and gutter tactics by bad losers... when we should recognize that unholy coalition of iconoclast isolationists and left wing radicals who seek to control life in this valley for what it is... and what it is threatens the economic, social, eudaemonic well being of the great bulk of people who live here.

Because extremists both right and left know no rules and fight with no holds barred, a man caught between them may sound as though he is echoing their obscenities when he descends to their level of combat.

For that reason Floyd Mori, a gentleman, and like most of the folks who share his ethnic background, quiet and thoughtful, must find it impossible to dignify recent attacks by that group, all unconfirmed and aimed at a level well below the belt, with a reasonable response.

Fortunately I do not share Mori's genteel nature or his patrician acceptance of the inevitability of the scurrilous attacks by his political foes.

There is, I think, an attitude among those velutinous thinking that eggheads form the core of that radical cadre of sophists who are leading the attack on Mori which was spawned by the Watergate scandal and is leading to their self destruction.

With the downfall of Richard Nixon and disgrace of the Republican party leaders of the radical left decided an open season had been declared on the American Way of Life, that it had been discredited and its downfall was inevitable.

They will discover, I think, that while the people in this country were shocked and dismayed by the conduct of some of the most highly placed men in government, generally they believe in the United States of America, the Republic for which it stands and the way of life they have enjoyed over the years.

We are in some trouble nationally and locally because of a lack of foresight and certain excesses, but I believe we will overcome our difficulties as we have for 200 years and continue to live in the most comfortable and productive society man has ever known.

Moreover I am sure the vast majority of the people in this area believe as I do, are moderate in their political beliefs and do not want the world we know and love destroyed by radicals.

I am convinced that hard core of Livermore eggheads and radicals are using each other, perhaps knowingly, one to protect its ivory tower, the other group to advance the theory of extreme change.

Between them and the extreme right, the only other group to make any noise in that city, are caught the moderate men and women who just don't want to be bothered and who will pay the price for not paying attention if they do not wake up and soon.

Floyd Mori represents most of the folks in this valley and those on the other side of the hill, people who live productive and useful lives and try to enjoy themselves in the process, not an "elite influential landed

Amador loss seeds EBAL clouds

A season-long calm has been disturbed in the EBAL, and could whip into a raging storm this weekend as basketball season draws to a close.

Amador Valley High goes out in quest of its second league title in as many years with back-to-back games. Meanwhile Dublin and Granada play shoot-and-pray, looking for a back door, a side door or even a trap door that could lead to a championship playoff.

The Dons are one and a half games in front of the Gaels and Matadors. They can cinch the league crown with a victory tonight at Dublin, where a large crowd is expected.

Even if they lose this evening, the Dons can still claim the crown with a victory tomorrow at San Ramon.

Should Amador lose twice though, the championship race becomes a collage of possibilities.

Dublin will tie for first place if the Dons lose both contests. Granada can tie also if it wins tonight at Monte Vista, and Amador loses the two games.

If there is a deadlock, between two or three teams, EBAL managers will convene Sunday to map out an emergency playoff. The league must have a clear-cut title winner by Wednesday, the

opening night of the first North Coast Section championship tournament.

All of this musing is extraneous if Amador can just break even this weekend.

The surprise is that the Dons must go even to these extremes to clinch a championship they seemed destined for.

They were strong title favorites, and won seven consecutive league games this season, 19 over the last two. Most people expected another undefeated season for Amador. The championship was seldom in doubt.

Then Granada muddled the picture Tuesday with a con-

vincing win over the Dons in Livermore, 74-58. That loss left doubts about Amador's ability to survive the league race, plus two post-season tournaments awarded to the EBAL champion.

The Dons are playing without co-captain Phil Hansen, out with a broken ankle. Several other people are playing hurt. One is Ed Costello, who slightly damaged an ankle. The other, of course, is Andy Finn, the 6-7 center with the tender knee. Though there is concern for his condition, he has played two of his finest games of the season in the last week.

It might require another

super effort by the Dons' big man again tonight at Dublin.

The Gaels are an impossible team to scout. Their scoring comes from diverse sources, never following a pattern.

They are a gambling, pressing defensive team, and will hope to rattle Amador which doesn't have Hansen's steadying influence.

Front-liners Troy Roberson, Doug Adams and Rayford Roberson are all capable of big nights offensively. Their task will be to battle the boards against Finn, 6-7, Jeff Hine, 6-4, and Rob Yackley, 6-3.

Granada should have things easier in its finale at Monte Vista. The Mustangs have struggled this year, though they lost by only eight to Amador a week ago.

The Matadors meanwhile are receiving outstanding performances from their senior forward, 6-5 Dave Campbell. Always a fine rebounder, he has provided offensive punch in the last couple of games to go along with brother Scott, a starting guard. Joe Wujek, who pumped in 16 against the Dons Tuesday, should be another big factor tonight.

Once tonight's action is by the boards, Amador is left with a game tomorrow night at San Ramon. The Wolves are winless this season.

In other Friday action, Livermore High superstar Ed St. Clair closes out his EBAL career at home in a game with San Ramon. The 6-5 senior forward has scored 111 points in

his last three games.

It won't be Ed's final Livermore appearance. The

Cowboys will play at home in the post-season VFW Tournament.

Vulcan D shuts off F.U.

Excellent defense by Chris Pearson, Tod Lawsen and Saul Flores propelled the Ballistic Vulcans to a 3-0 win over Fremont United in Al Caddo soccer last weekend.

Doug Croteau, Mike Lemm and Ron Lambert all scored for the winners. Ted Hanson and Mel Griesel were outstanding players.

The Ballistic Vulcans tied the St. Michael's Rams, 1-1, on Jimmy McEntee's goal. Wally Hagmar had six saves for the Vulcans. Ralph Andrade, Chris Elbert and Jimmy Peterson played fine defense.

Two Marty Espinoza goals lifted the Ballistic Vikings to a 2-2 tie with the Livermore Hurricanes. Frankie Sharpe had seven Viking saves. Mike Cerelan, Matt Hickman, Keith Olson and Steve Kent were top defenders.

Ballistic United crushed the Livermore Cyclones, 7-2, powered by three Mark Fish goals. Chris Henry, Terry

Stewart, Troy Thomas, and Russ Baine also scored. Dave Konecny and Mark Schoendienst played fine defense for United.

In under-14 Ballistic Club action, the Tornados trimmed the Terrors, 1-0. David Weathers had the winning score against Terror goalie Greg Kragen, who had 15 saves. Eric Smith, Tom Diller, Ken Norres and Dave Hohl all played well.

Mike Ehler blanked the Tomahawks with seven saves as the Titans sailed to a 4-0 win. Randy Tucker, Steve Farro, Jeff Kunz and Jim Cormier had goals. Dan Bromberg, Craig Hirst and Kevin Sage played fine defense, along with Randy Bartlett.

Terry Purtell and Clint Matern each had five saves helping the Kings to a 3-1 win over the Knights. Glenn Stark, Mike Dunne and John Williams provided the defense. Goals went to Tom Shutts, Jack Severin and Scott Clifton.

Under-12
Jeff Correia's 12 saves and Ron Meyn's goal vaulted the Sharks past the Spurs, 1-0. Jay Shimaruku, Bryan Newman and Steve Moe played well for the Sharks. Craig Braida and Jeff Sharp were top Spur players.

Under-10
John Ellis' two goals, and six saves by Ron Garcia handed the Hawks a 3-0 win over the Monarchs. Pat Bobosky also scored for the winners. Joey Meeter and Chris Cates provided the defense.

Under-8
The Bobcats and Blitzers fought to a 0-0 tie, with Chris Pearson totalling five saves for the Blitzers. Mark Sandberg, Darin Knowles, Timmy Porter and Brian Long all played good defense.

The Chiefs used John Gossett's penalty kick, and fine goal tending by Steve Bell, to trim the Dragons, 1-0. Derek Logan, Jim Schnorr and Matt Bongorno were top defenders. Brian Gonsalves and Tonio Victoria played well for the Dragons.

Ricky Barrieau's first-half goal shot the Dons past the Dynamos, 1-0. Mike Murphy had four saves and Mike Peterson and Matt Harrop played well for the winners. Kyle Robertson, Todd Schmidt and Chris Poulous were outstanding for the Dynamos.

The Barracudas tied the Bears, 0-0, thanks to the fine defense of John Butler and Ken Konig, and the good play of John Freeman and Eric Storjohan.

Napoli's edges Ancients, 35-34

With Jim Urinak scoring six of the team's 12 second-half points, Napoli Liquors squeaked by the Ancient Ones, 35-34 in Livermore recreation basketball Wednesday.

Urinak hit four of six free throws in the second half to clinch the triumph. Teammate Walt Packard led all scorers with 11 points, and Carl Palla and Virgil Dahl aided the winners with eight apiece.

Manny Perry had 10 for the losers, and Steve Mayo and Gale Moline added six each.

Ideal Drayage crushed Trinity Baptist, 43-24, paced by Mark Barbano's 11 points. All of Barbano's scoring was done in the first half.

Bob Landon had eight points for the winners, Dennis Vigil, six.

Trinity's Lew Patterson scored 10.

Team Shop exploded for a 50-34 win over Straw Hat Pizza as Rob Heal scored 17 points, and John Balbach added 16. Teammate Rob Heal followed with 14.

J. Chubb had 10 points for the losers.

Dan's Place rolled over Carriage House, 59-41, as four players hit double figures. Pete Houck and Tom Rein were the leaders with 13 apiece. Jene Jamison had 12, and Mike Benapfl, 10.

Shooting stars win

The Livermore Shooting Stars rode an impressive defense to first place in the under-14 division of Santa Rosa's Washington Birthday Girls Soccer Tournament last weekend.

The Stars blanked the Dust Devils of Livermore 3-0 in the championship game. The same teams played in a preliminary with the Stars winning 4-1. Lola Jones scored one goal, and Susan Biggie, two, in the finals.

The Shooting Stars allowed just three goals in five matches. They defeated Dublin, 2-0, Fresno, 3-0, and Santa Rosa, 3-2, besides two wins against the Devils.

Leanne Stoddard was the goal keeper for the Livermore side.

and she registered six saves in the championship contest.

The defense was anchored by Holly Gronley, Susan Nutter, Monica Panusch, Stephanie Wells, Sylvia Knell, Rechele Harve and Cheri Rittman. Jones and Anita Panusch each scored five goals in the three-day tourney. Biggie had four scores, and Tonya Sanner, one. Tawny Ross played well at forward.

"I'm just as proud of these girls as I can be," said Star coach Erwin Panusch.

IN GROCERY CERTIFICATES

WINNING RECIPES WILL BE PRINTED IN THE RECIPE SECTION MARCH 13th

2 Awards in Each Category

RECIPE CONTEST RULES

- List all ingredients in order of use, followed by clear and concise directions, and the number of servings. Originality will be a factor in judging.
- Only one entry per person per category will be accepted. If more than one entry is received for any one category, all entries for that category will be eliminated.
- Recipes must be complete. Incomplete recipes will be eliminated.
- In the event the identical recipe is submitted by two or more contestants, the first received will be the one considered for judging.
- The contest is open to all residents of Central Contra Costa County and Southern Alameda County, except employees and their families of Leshar Newspapers, Inc.
- Mail all entries and indicate on each the category to be entered to: Valley Times, Recipe Contest, P.O. Box 923, Livermore 94550. All entries must be postmarked no later than midnight, February 22, 1975.
- It is understood that all entries become the property of the Valley Times and may be published with acknowledgments, in the Favorite Recipe Section, Thursday, March 13, 1975.
- Entries will be disqualified if they fail to comply with the contest rules.

The decision of the judges will be final.

Contest Ends February 22, 1975

- Snacks and Appetizers
- Breads and Coffee Cakes
- Vegetables and Salads
- Penny Pleasers (Thrifty Dishes)
- Meat, Seafood, Poultry
- Cookies, Cakes, Puddings and Pies
- (And all other desserts)

LEGAL NOTICE

CITY COUNCIL OF THE CITY OF PLEASANTON, ALAMEDA COUNTY, CALIFORNIA
ORDINANCE NO. 753
AN ORDINANCE AMENDING SECTION 2-16-07, ARTICLE I (REGULATION OF WATER SYSTEMS AND WATER SERVICE FEES), CHAPTER 9 (WATER), TITLE II (ZONING AND DEVELOPMENT) OF THE ORDINANCE CODE OF THE CITY OF PLEASANTON RELATING TO FEES AND CHARGES FOR WATER RATES AND ADOPTING THE SAME AS AN URGENT ORDINANCE.

THE CITY COUNCIL OF THE CITY OF PLEASANTON DOES HEREBY ORDAIN AS FOLLOWS:

Section 1. Section 2-16-07 (Water Rates and Charges), Article I, Chapter 9, Title II of the Ordinance Code of the City of Pleasanton is hereby amended to read as follows:

Sec. 2-16-07. Water Rates and Charges. There is hereby levied and assessed upon all premises connected with the water system a service charge based upon the size of the installation, the premises and a charge based upon the amount of water flow through said meter, both of which said charges shall be paid. The amount of the service charge and the charge for water used shall be in accordance with the amount specified in the Resolution Establishing Various Fees and Charges for Municipal Services of the City of Pleasanton.

Section 2. The City Council hereby declares that should any section, paragraph, sentence or word of this ordinance be declared invalid for any reason, the Council would have passed all other portions of this ordinance independent of the invalid portion, and with any such portion as may be declared invalid.

Section 3. This ordinance shall become effective immediately upon its introduction and adoption by the four-fifths vote of the City Council as an urgent measure.

Section 4. The circumstances creating the urgency are as follows:

1. The City of Pleasanton has not increased its water rates since 1970 and during that time the cost for supplying water by the City of Pleasanton has increased substantially.

LEGAL NOTICE

1. Due to increases in the amount of water now purchased from Zone 7 and the rate increases imposed by the Zone upon the City of Pleasanton as a water user, the City's water rate structure, unless revised, will cause the City to experience a \$240,000 deficit over the next 18 months. A rate schedule adjustment is required at this time in order to prevent the City from experiencing such a large deficit.

2. This increase is designed as an interim measure until such time as the City is able to undertake a major water rate study to determine a fair and equitable amount to be charged customers of the City for water received, both from City wells and from Zone 7.

3. This ordinance must be in effect in order to protect the public health, welfare and safety and to insure that there are sufficient funds available from users of the City's water system to enable the City to meet increased expenses and operating costs.

Section 5. This ordinance shall be published once within fifteen days after its adoption in "THE TIMES," a newspaper of general circulation, published and circulated in the City of Pleasanton, INTRODUCED AND ADOPTED at the regular meeting of the City Council of the City of Pleasanton on February 10, 1975 by the following vote:

AYES: Councilmen Herlihy, Kinney, Councilwoman LeClair, Councilman Philcox and Mayor Mori.

NOES: None
ABSTAIN: None

S. FLOYD MORI, Mayor

Attest:
William H. Edgar,
City Clerk

NOTICE OF FILING APPLICATION FOR INCREASES FOR INTRASTATE TELEPHONE RATES

The Pacific Telephone and Telegraph Company on February 13, 1975 filed with the Public Utilities Commission of the State of California an application for authority to increase certain intrastate rates and charges applicable to telephone service furnished within the State of California. The proposed rate increases would permit Pacific to recover increases in operating costs, principally increased wages, for the twelve-month period ending June 30, 1976.

In general terms, the proposed rate changes are as follows:
Basic exchange rates would be increased for both residence and business telephone service. For residence the monthly increase would range from \$5.55 to \$8.00 per main telephone, except for 30 message allowance service, where an increase of \$4.35 is proposed. An increase ranging from \$1.05 to \$2.05 is proposed for main business telephone. Foreign exchange service rates and PBX trunk rates would be increased generally in the same proportion as main station rates. Certain Centrex and Airport Intercommunicating System service rates would be increased to maintain relationship with basic exchange rates.

The message unit charge for multi-message unit messages would be increased from \$0.05 to \$0.07 per unit. Foreign exchange service and coin-box service message unit charges would increase from \$0.06 to \$0.07. The single local message charge for exchange messages placed from message rate telephones would increase from \$0.05 to \$0.07. Foreign exchange local message unit charges would increase from \$0.06 to \$0.07.

Establish a charge for superexchange of basic exchange service of \$7.50 for residence service and \$15.00 for business service. Implement a charge for the restoration of basic exchange service temporarily discontinued for non-payment of bills. This charge would be 50% of the in-place service connection charge.

Non-recurring charges for the establishment of certain Private Line services would be increased.

The rates proposed in the application are estimated to produce additional annual gross revenue of \$131,200,000, which represents a 5% increase in total local and toll intrastate revenues. This is in addition to the \$97,900,000 rate application (No. 55214) filed in 1974, which was to recover increases in the costs of wage, salary and related expenses for the twelve months ending June 30, 1975.

Notice of hearings on the application will be posted and published not less than five nor more than thirty days prior to the initial hearing.

The Company's proposed rates would become effective in various California counties and municipal corporations, including the County of ALAMEDA and the City of PLEASANTON, upon grant of authority therefor by the California Public Utilities Commission.

A copy of the application may be inspected by any interested person in the office of The Pacific Telephone and Telegraph Company at 1015 EAST STANLEY BLVD., LIVERMORE, California and in the offices of the Public Utilities Commission of the State of California, Fifth Floor, State Building, Civic Center, San Francisco, California, and State Office Building, 107 South Broadway, Los Angeles, California.

AD LIBS

By BILL HAYDEN

Any business - person will understand when I say there can be good days and bad — either feast or famine. Sometimes there isn't much in the way of interesting news or photos, at others I have a column brimming over with goodies. Today it's the latter and, as Lily Tomlin says, "That's the truth!"

To begin with, I must mention I had a chat with Jean Pefley of the WAY UP GALLERY 2222 2nd Street in Livermore. She was telling me she has taken over as the major source of silk screen supplies in the Livermore area. There used to be another art supply outlet, but it has closed its doors, so WAY UP GALLERY is probably the only place where all those candidates, in the up - coming elections who are interested in doing their own signs and posters, will be able to find the necessary equipment to do the job.

Everything is new but the name. For eight years Potter's Pizza has been serving these communities quietly from a very old, but delightful building.

Tempus got to stirring, however and progress, in this case, reared its not - so - ugly head. Potter's Pizza has moved into a beautiful new building on Maple Street, between First and Second Streets in Livermore.

To celebrate the big event the Livermore Chamber brought out its sharpest scissors and the lovely Maid of Livermore to do their ribbon cutting bit.

Pat Duke, Bunny Schultz, Roger Egan and Mary Johnson hope you will take an early opportunity to take a look at the lovely new location and taste some of the goodies that have made POTTER'S PIZZA justly famous. According to the foursome, "Our house is your house because you have made it so."

Just in case you didn't recognize her in the picture at the top, Marjo McGowan — Maid of Livermore — is shown above with Rick Corbett, Fred Roads and Roberta Roads looking over some fabric samples as Part of the opening weeks of THE FURNITURE CLINIC located at 2011 Research Drive in Livermore.

FURNITURE CLINIC does custom furniture upholstery. If you don't like the style of your furnishings, they can change it.

Custom draperies are a specialty made to measure from Wyman Fabrics. All you have to do is call 443-5666 for an appointment for a free estimate. If you decide to go ahead with one of their custom pieces of work, just select the fabric you feel is appropriate for you and — presto — in about two weeks you'll have one of the loveliest windows in the valley.

The Roads have done upholstery on a part-time basis for 14½ years. Now they're at it full time. Fred is a former employee of the Lawrence Livermore Lab.

You can't fail to notice the happy smiles of expectation (of great new business potential) on the faces of Mr. & Mrs. John Guri. They are the owners of DUBLIN OFFICE SUPPLY which recently opened at 6848 Village Parkway in Dublin. John and his lovely wife are seen plotting at the drawing board the very best way to let you know that they can take care of all your office supply needs and it would be a good idea to stop in and see DUBLIN OFFICE SUPPLY before you buy. Don't get discouraged the first time you drive down Village Parkway and can't find 6848. They're not right out on that busy thoroughfare, but in one of those off - street areas just north of Dublin Boulevard.

Lincoln-Mercury to introduce new gas-stingy Bobcat to auto market

Executives of Ford Motor Company's Lincoln-Mercury Division yesterday proudly displayed the latest entry in America's highly competitive subcompact automobile field, the new Mercury Bobcat, at a press conference held in San Francisco.

John J. Collins, Lincoln-Mercury Western Regional Sales Manager, Walnut Creek, spoke on behalf of William P. Benton, Ford vice president and division general manager, and was optimistic about the sales potential of the new Bobcat which will be officially introduced by dealers on March 21.

"This new car comes at a particularly opportune time for

us," Collins said. "Our dealers want and need an entry in the domestic subcompact market and Bobcat will give us additional small car sales potential that we need now more than ever before."

Total small car sales have risen from 36 per cent of the market in 1970 to almost 48 per cent in 1974, according to Collins, and he expects this segment of the market to continue to grow.

"While total subcompact sales have slowed from the record highs of last year's energy crisis, they still accounted for 27 per cent of the market in the first weeks of January, and we expect that share to remain stable or

increase in the months to come.

"Our product lineup is designed to capitalize on this trend. Our broad market coverage equips us to take excellent advantage of virtually any kind of new market development. Bobcat will be a good traffic builder and it will provide our dealers with competitive entries in virtually all segments of the market. We're now covered at both ends and have an excellent swing car in Monarch."

Bobcat will be offered in a three-door Runabout and Villager station wagon. Both will offer the styling and interior luxury that more and

more buyers indicate they want in cars of every size.

The unique vertical grille and domed hood with Mercury block letters readily identify Bobcat as a member of the Lincoln-Mercury family. The look of luxury is accentuated by the bright belt, drip rail and window moldings and the standard styled steel wheels.

All Villagers have simulated rosewood body side and tailgate treatments similar to that on other station wagons in the Mercury lineup. Villager's optional luggage rack with woodgrained air deflector is both functional and attractive.

Bobcat's luxurious interior is highlighted by low-back front

bucket seats with wide headrests and plush, pillow-styled all-vinyl seat trim. Other luxury touches include deluxe door trim panels and steering wheel, and color-keyed cut-pile carpeting.

A contoured rear bench seat can be folded down for additional luggage area in both models providing 29 cubic feet of cargo area in Runabout and almost 58 cubic feet in Villager.

Bobcat features unitized body construction with coil spring front suspension and leaf springs in the rear. A deluxe sound insulation package is standard and there is an optional package as well.

A new breed of cat is Lincoln-Mercury's new Bobcat, a luxurious new subcompact, which will be introduced to the public March 21.

Auto executive is optimistic toward future

SAN FRANCISCO — Ford Motor Company, in an effort to ignite new thrust into the floundering new car market, will introduce Lincoln - Mercury Division's new Grand Monarch Ghia, Bobcat and Capri II on March 21.

A preview of the new models was held for dealers and press at the Sheraton - Palace Hotel here on Thursday.

Arthur B. Connors, Lincoln - Mercury Division general sales manager, said the customer rebate programs have spurred lagging automobile sales and are bringing buyers back into the dealerships.

The Ford executive also said, "Capri is the most successful of the rebated cars with a January daily selling rate 294 percent above that of December. In addition, Capri sales during the first 10 days of February jumped 195 percent from the same period in 1974."

Sales of Comets, the other Lincoln - Mercury automobile on which rebates are allowed, increased 85 percent during the first 10 days of February compared to the same period in January.

Connors said that overall, Lincoln - Mercury Division is getting stronger every day.

"In 1974," he said, "our dealers increased their share of the market for the fifth consecutive calendar year, and the momentum is continuing. For the 1975 model - year - to - date, for instance, our share of the market has increased to 6.6 percent — the highest on record for any previous comparable period.

Valley church news

People's Church

LIVERMORE — Ground breaking ceremonies will be held Sunday, for the People's Church. Activities for the day begin with the morning service at 10 a.m. Rev. Marvin Bell, superintendent for the California Evangelistic Association, will be guest speaker. Calvarymen from Modesto will provide special music. Mayor Robert Pritchard will represent the city of Livermore. The morning service will be held at Junction Avenue School.

Ground breaking ceremonies will be held following the morning service. On Bluebell Drive, following the ceremonies, a fellowship dinner will be held in the Junction Avenue School gym. The public is invited to attend. Those attending the dinner are requested to bring a covered dish.

The People's Church was formed ten months ago as an interdenominational church. Nine acres have been purchased and the first stage of the building program will be completed in the fall of 1975.

Further information or bus transportation may be obtained by calling 455-4250.

Berean Baptist

LIVERMORE — "The Pastor's Joy" will be the theme of the sermon delivered at the 11 a.m. worship Sunday at the Berean Baptist Church. The Rev. W.E. Herzog will give this sermon.

Richard Rollins, a lay member of the church, will give the 6 p.m. worship sermon. Singing will precede the message.

A Sunday school contest is in full swing at 9:45 a.m.

A prayer service is conducted on Wednesday evenings in the homes of members.

St. Augustine's

PLEASANTON — Confirmation practice will be held on Saturday at 10:30 a.m. at St. Augustine's Church. All students to be confirmed must be present. Another practice will be held on Feb. 28, for students and their sponsors, at 7:30 p.m. in the church.

Deadline for interviews for children participating in the March 15 Family Communion is March 3. For further information, call the C.C.D. office.

"Bless Me Father", an adult look at the Sacrament of Confession, is held in the CCD hall on Tuesdays at 8 p.m.

Little Brown Church

SUNOL — The sermon for the 11 a.m. worship service at the Little Brown Church of Sunol for Sunday will be "The Whole Thing". Church school is held at 9:45 a.m.

Bible study meets on the first and third Monday of the month.

ALCW Ladies

DUBLIN — Tuesday, members and guests of the A.L.C.W. ladies of the Lutheran Church of the Resurrection, will journey to the Oakland Museum to take a guided tour of the current exhibit "The Painters' America." This exhibition presents a scenery of painting of American scenes as observed and imagined by 71 artists working and painting between the War of 1812 and World War I.

Following the tour the ladies will be served luncheon in the museum restaurant.

Car pools will be formed at the church for a 9 a.m. departure to Bayfair, where members will board B.A.R.T. to the museum.

For further information call Mrs. Robert Mattson, tour organizer, at 846-3906.

Trinity Lutheran

PLEASANTON — Worship services will be at 8 a.m. and 10:15 a.m. Sunday at Trinity Lutheran Church with Sunday School and Bible Class at 9 p.m. Bible Class is led by Pastor Kluender and the topic will be "Why Does the Church Celebrate Holy Communion?"

Wednesday at 7 p.m. Lenten service will be held. This service is directed mainly to the children.

Faith alive

LIVERMORE — F.D. (Buck) Kendrick of Los Gatos will coordinate a FAITH ALIVE WEEKEND at St. Bartholomew's Episcopal Church on March 14, 15 and 16.

Kendrick, a program manager in satellite communication at Philco Ford in Palo Alto, received his degree in electronic engineering from the University of Florida in 1956. He served as a jet fighter pilot in the Air Defense Command for several years before resuming an engineering career.

Buck and Eleanor Kendrick found that their faith "came alive" in an Episcopal church in Florida in 1963. They have been very involved in activities such as Faith at Work, Cursillo, Christian Life Advance, Faith Alive and numerous small groups both in the Episcopal church and nondenominational groups.

The Kendricks became involved in the first "FAITH ALIVE WEEKEND" in Northern California three years ago. They have remained very active in the movement.

Buck and Eleanor Kendrick and their children, Del, 16, Kathy, 14, Steve, 12 and Cindy, 9 have collectively held most of the jobs and offices open to laymen in the Episcopal church. Some of these include church school superintendent, vestryman, junior warden, senior warden treasurer, delegate, chalicebearer, and sub-deacon. Eleanor is

currently teaching the Junior High church school class. Del has risen through the acolyte program to sub-deacon, and Steve is an acolyte. Both Del and Kathy are very involved in youth groups.

Pot luck

LIVERMORE — The youth of Holy Cross Lutheran Church, will enjoy a week - end of special activities, beginning with a Pot - luck supper on Friday at 6:30 p.m., for all Junior High and Senior Luther League youth. Deanna Muston, a Youth Team member of the Bay Area for the Pacific Southwest Synod, Lutheran Church in America, will lead the activities.

Saturday, the Rev. Kenneth Mikulasek, Assistant Pastor of the Shepherd of the Valley Church in Orinda, also a member of the Bay Area Youth Team, will lead the youth and their counsellors in sessions for planning and goal setting.

Sunday at 7:30 p.m. the youth will conclude their week-end activities with a "Come Together" worship experience presented by the Valley Outreach Ministry. Youth and adults are invited.

Sunday morning Pastor Milton C. Johnson will continue his sermon series on the theme "But Christ Lives in Me!" at the duplicate, Family Worship Services. "A New Humanness Lived by Faith" is this week's title.

The Mid - Week Lenten series will continue Wednesday at 7:30 p.m. Pastor Johnson will continue the series on "Living our Baptism in the World" by focusing on "Living in the Forgiveness of God."

Religious Science

DANVILLE — The Church of Religious Science, holds church services at 11 a.m. Sundays at the Alamo Women's Club, Alamo, Danville Blvd. and South Ave. For class information call 547-4800 or 934-5152. The topic of the sermon Sunday will be "READY, WILLING AND ABLE."

No one perfect

DUBLIN — Sunday, Pastor Tanneberg will speak on the subject "NOBODY'S PERFECT!" in the 8:30, 9:45 and 11 a.m. services at Valley Christian Center. There is sign language interpretation in the 9:45 a.m. services.

At 9:45 and 11 a.m. a variety of Bible Classes are offered for youth and adults, and Concept five Christian Education for children pre - school through grade six.

The 6 p.m. "Praise Gathering For Believers" will include special music, informal singing and sharing and a talkback message with Pastor Tanneberg.

Livermore teller is indicted

SAN FRANCISCO — A former Livermore savings and loan teller was indicted Wednesday by a San Francisco federal grand jury for allegedly embezzling \$42,560 from Livermore's Homestead

Savings and Loan Association during the last half of 1974. The indictment, totalling 15 counts, claims Linda Sue Turina, 25, knowingly embezzled the funds from the 2187 First St. institution in

amounts ranging from \$600 to \$10,000 during the period of July 19, 1974, through Dec. 5, 1974. Turina's indictment followed her arrest by special agents of the Federal Bureau of

Investigation (FBI) on Feb. 13, 1975, at 2559 Willford Walk, Oakville, Missouri.

An authorized complaint was filed Feb. 12, by the FBI in San Francisco before United States Magistrate Owen E. Woodruff, Jr., wherein Turina is charged with having embezzled about \$6,700 during the period of October 4, to Oct. 24, 1974, while a teller with Homestead.

LION-SIZED dental project is completed at Atlanta's Lion Country Safari where lioness "Kimba" has her four canine teeth shortened, capped and root canal work completed. Kimba had a fondness for chewing car tires and capping her teeth should eliminate that, zoo authorities say. The shortened teeth will not affect Kimba's eating habits however as the canines are used primarily only for gripping prey.

Only one BART controller had experience, boss admits Thursday

By JUSTIN ROBERTS

Only one employee at BART's central control has had previous railroad experience—and his boss couldn't remember what it was.

The lack of operating experience was admitted Thursday during testimony before the California Public Utilities Commission which is investigating the safety problems of the Bay Area Rapid Transit district.

Questioning during the third session of the four-day series of hearings this week focused on T.A. Bratz, BART's superintendent of central control—the rapid transit system's computer-monitored nerve center at district headquarters in Oakland.

After firing a long list of questions at Bratz, the PUC's hearing examiner C.T. Coffey of Walnut Creek, asked Bratz, "Do I understand correctly that none of the people at central control have had practical experience on railroads or transit systems before coming to BART?"

Bratz paused before answering and then cited one train controller whom he said had rail experience prior to joining the BART staff. Bratz admitted to the PUC investigative body that he could not recall what the man had done in railroading before joining the rapid transit district.

Coffey, apparently concerned about the level of expertise on the BART staff, asked Bratz, "I'd like to know your qualifications."

Bratz who is in charge of central control, replied that he had been a development engineer, had worked with Aerojet General in development of the Polaris missile

and had earned a management science degree in addition to taking training informally during the nine years he had been employed by the district.

Asked what he had done at Aerojet's Polaris project, Bratz admitted he had done engineering of a mechanical type related to the metallic skin of the Polaris structure.

The line of questioning pursued all morning by the PUC staff which was attempting to determine the level of expertise among BART's supervisory personnel and the qualifications of the consultants retained by BART to advise the district on operating and safety procedures.

Bratz explained that safety consultants were not directly involved in the formulation of a new manual of central control procedures drafted by him last month.

However BART has a contract with Thompson-Ramo-Woolridge (TRW) to act as the district's safety consultants and this prompted commissioner Leonard Ross to ask, "Why wasn't TRW involved in preparation of this manual as the district safety consultant?"

Bratz explained, "The book would have gone to TRW and I'd have gotten their comments."

Ross asked, "In this case then, the outside consultant's only involvement would be in a reviewer's role—not in a constructor's role?" And Bratz said the district had to "start somewhere" and develop reference points.

Ross then asked "Is it your impression that it's not BART's policy to use outside consultants in a constructor role?" An Bratz declined to describe district policy. How-

ever he testified that TRW played no role in his revision of the central control manual of operations.

Ross added "You testified earlier that you are the experts and that you develop the rules and procedures and it's only helpful to have a review later by your consultants," and Bratz explained that he only consulted a consultant to get the format laid out.

"The next question," Bratz replied, "is what are we going to put in it? I'd have to provide an outline."

Ross commented, "It seems to me you're still thinking of consultants as not experts. I wonder if you couldn't have experts who are deeply steeped in the information and expertise you need."

When Ross inquired if the TRW people have this level of expertise, Bratz replied that they were familiar with the functions of BART's central control, and added that he did not think they had sat down with train controllers and observed what they do.

When Ross asked whether Bratz didn't believe BART could find consultants with the required expertise, Bratz opined that TRW could develop it.

Examiner Coffey bluntly asked what TRW's experience had been in the rapid transit and railroading fields and Bratz replied, "I've worked with their personnel and they've given us some suggestions. I don't have direct knowledge of their capabilities."

Coffey dismissed the answer with a remark, "Those are judgments. Can you give us any factual evidence?"

FOR JAM TODAY

"The rule is, jam to-morrow and jam yesterday—but never jam to-day." That's what the White Queen explained to Alice during that famous young Englishwoman's visit Through the Looking Glass. But we are privileged to enjoy jam today. And to enjoy it more served from our English ironstone jam jar, with its traditional silverplate-on-copper cover and spoon. The jar, by Ellis Barker, works very well for jelly, preserves, and honey—as well as jam. And all for just \$10.00.

Do Something Beautiful.
